

2022 Indiana Child and Family Welfare Residential Open House

July 28 and August 2 from 10:00-2:00 p.m. local time

On July 28th and August 2nd, QRTPs, Emergency Shelters, and other residential agencies from across the state will be opening their doors and inviting you in to learn more about their services, facilities, and the outcomes they help youth and families achieve.

The Open House hours are from 10 to 2 both days (local time). Most agencies will be participating both days but check the table below as some can only host open houses on one day. Feel free to drop by one of the participating facilities at any time during those hours. No sign-up required.

Length for tours will vary by agency but expect to spend between 30 and 60 minutes at any facility you visit. Facility staff will be there to greet you, provide you information about the agency's mission and programming, and take you on a tour.

Get more information about each participating agency at: iarca.org/residentialopenhouse/home

Participating agencies (see p 2 for an open house map)
